MESSAGE FROM THE PRESIDENT

What a great season so far! I want to thank all the organizers who make the time to host dog pulls. It is with your great dedication and efforts that this organization thrives! With that said I want to encourage everyone to help out your organizers set up for the event/s and help break down. Trust me I know from experience how time consuming and stressful this is. Every little bit helps! So be a helpful handler/puller.

I hope everyone is watching for information about Championships and there is no time like the present to begin planning your trip. Terry Reed announced the 2010-2011 Championships will be hosted in Estes Park, Colorado (Region 9). Estes Park is a very scenic area and perhaps you may want to spend a couple of extra days and enjoy Colorado.

Lastly I want to wish everyone a Happy Thanksgiving! Take the time to reflect on the many blessings you have received. Also, let everyone that you Love know that you are thankful for having them in your life. Don't forget to give them an extra hug!

Best Regards,

Robbie Reed
President

Coming together is a beginning. Keeping together is a progress..

Working together is a success...

INTERNATIONAL WEIGHT PULL ASSOCIATION WEIGHT PULL
STANDING RULES ON SANCTIONING

In order for your pull to be sanctioned and to count for points.

Any organization who wishes to put on a pull approved by the I.W.P.A. shall require the organizer or any of the officials to have an I.W.P.A. membership and use I.W.P.A. weight pull rules which include having an I.W.P.A. certified and approved judge.

A sanctioning application must be filed out by the organizer and delivered into the hands of the I.W.P.A. sanctioning director no later than the 15th of the month preceding the month in which the event is to take place, provided the event is scheduled between the 15th through the end of any given month. Pulls scheduled from the 1st through the 14th of any month must be received no later than the 15th of the month two months prior to the weight pull event. For example, an event scheduled for December 7th must be received no later than October 15th, an event scheduled for December 28th must be received no later than November 15th. *No exceptions to this rule will be made!* It is the organizer's responsibility to ascertain if this application has been received by the Sanctioning Director.

Newsletter pull calendar information is taken from the sanctioning application; therefore, ALL questions must be answered. It may be considered false advertising for any organizer to falsify or fail to follow the information provided on the sanctioning request. False advertising will be grounds for placing the organizer on probationary sanctioning status.

The following list of information from your weight pull must be sent to the Sanctioning Director with a postmark no later than 5 days after the last day of your pull:

1. Weight Pull Final Report
2. Organizer's report
3. Financial report with ALL monies due the IWPA for the \$5.00 per dog fee. For pulls held in Canada \$5.00 are payable in U.S. funds only. (Motion 5/07)
4. All regular and provisional membership monies received at your pull with completed membership forms must be sent to the Membership Director with a postmark no later than 5 days after the last day of your pull. New members are to be given the membership receipt included in your packet as proof of membership until their card is sent to them.
5. Send Judge's Reports to the Judge Chairperson

(The penalty for failure to meet the 5 day postmark requirement will result in a fine of not less than \$20.00 and \$5.00 per day for each day after 5 days that the pull results are not postmarked. Failure to pay a fine may result in loss of sanctioning and/or points). *Exception—Organizers of pulls held the last two weeks of the season are required to submit finish reports to the sanctioning director and FAX or OVERNIGHT their finish report, finance report, and organizer report to the sanctioning director within one working day. (motion 5/08)*

Any grievances by an organizer or judge should be in writing, postmarked no later than 72 hours after the end of the weight pull event, and sent to the Sanctioning Director who will present the written grievance(s) to the I.W.P.A. Board of Directors within two weeks of the receipt of the grievance, for deliberation.

Sanctioning applications that do not include the sanctioning fees will not be accepted. Exception—When faxing application a copy of the check/money order for sanctioning fees must be faxed with the application. The original application and check/money order for sanctioning fees must be postmarked within one working day of the fax. The original application and payment for sanctioning fees must be received by the sanctioning director no less than one week prior to the event or the sanctioning may be cancelled.

Organizers of events which have had sanctioning suspended after the pull will be required to mail a reimbursement to all entrants of the \$5.00 per dog fee. This reimbursement must be mailed within 72 hours of the receipt of written notice by the Sanctioning Director of suspended sanctioning. (Failure to reimburse funds when sanctioning has been suspended may mean loss of future sanctioning of event by the organizer)

The Board of Directors may not make a decision on sanctioning a pull but will make a decision regarding any grievance filed in regard to sanctioning.

If the Sanctioning on a pull is refused or the sanctioning is withdrawn from a pull, the sanctioning director will notify the organizer in writing within 2 days. A phone call or fax is a courtesy but the "in writing" is a requirement.

Cancellations of a pull will be accepted with no penalty as long as there is ample time to report the cancellation in the newsletter with the same deadlines as for sanctioning a pull. If these deadlines are not met, the organizer shall (at their own expense) send out postcards to all members to notify them of the cancellation. If this is not done, an organizer may be subject to loss of sanctioning fees. There will be no provisions for "Rain Dates". I have read and understand the above rules regarding sanctioning.

POISONOUS PLANTS FOR DOGS

Sago Palm

All parts of *Cycas Revoluta* are poisonous, but the seeds or “nuts” contain the largest amount of toxin. The ingestion of just one or two seeds can result in very serious effects, which include vomiting, diarrhea, depression, seizures and liver failure.

Tulip/Narcissus bulbs

The bulb portions of *Tulipa/Narcissus spp.* contain toxins that can cause intense gastrointestinal irritation, drooling, loss of appetite, depression of the central nervous system, convulsions and cardiac abnormalities.

Azalea/Rhododendron

Members of the *Rhododendron spp.* contain substances known as grayantoxins, which can produce vomiting, drooling, diarrhea, weakness and depression of the central nervous system in animals. Severe azalea poisoning could ultimately lead to coma and death from cardiovascular collapse.

Oleander

All parts of *Nerium oleander* are considered to be toxic, as they contain cardiac glycosides that have the potential to cause serious effects—including gastrointestinal tract irritation, abnormal heart function, hypothermia and even death.

Cyclamen

Cyclamen species contain cyclamine, but the highest concentration of this toxic component is typically located in the root portion of the plant. If consumed, *Cyclamen* can produce significant gastrointestinal irritation, including intense vomiting. Fatalities have also been reported in some cases.

Marijuana

Ingestion of *Cannabis sativa* by companion animals can result in depression of the central nervous system and incoordination, as well as vomiting, diarrhea, drooling, increased heart rate, and even seizures and coma.

Kalanchoe

This plant contains components that can produce gastrointestinal irritation, as well as those that are toxic to the heart, and can seriously affect cardiac rhythm and rate.

Peace Lily (AKA Mauna Loa Peace Lily)

Spathiphyllum contains calcium oxalate crystals that can cause oral irritation, excessive drooling, vomiting, difficulty in swallowing and intense burning and irritation of the mouth, lips and tongue in pets who ingest.

English Ivy

Also called branching ivy, glacier ivy, needlepoint ivy, sweetheart ivy and California ivy, *Hedera helix* contains triterpenoid saponins that, should pets ingest, can result in vomiting, abdominal pain, hypersalivation and diarrhea.

Amaryllis

Common garden plants popular around Easter, *Amaryllis* species contain toxins that can cause vomiting, depression, diarrhea, abdominal pain, hypersalivation, anorexia and tremors.

Amaryllis

Common garden plants popular around Easter, *Amaryllis* species contain toxins that can cause vomiting, depression, diarrhea, abdominal pain, hypersalivation, anorexia and tremors.

Yew

Taxus spp. contains a toxic component known as taxine, which causes central nervous system effects such as trembling, incoordination, and difficulty breathing. It can also cause significant gastrointestinal irritation and cardiac failure, which can result in death.
